CRAFTMANSHIP IS NOT ABOUT MAKING SOMETHING THAT MEETS EXPECTATIONS. IT'S ABOUT CREATING SOMETHING THAT CHANGES THEM.

WHAT WE DO

Trusted by consumers and showrooms for nearly 40 years, Aqata boasts unrivalled innovation, quality and craftsmanship. Our comprehensive range of showering products are designed and made from start to finish in the UK at our manufacturing facility in Hinckley, Leicestershire.

Our range offers endless possibilities covering all shapes, styles and showering space sizes. Our selection of handmade glass & frames come in a wide variety of colour finishes and glass tints.

As well as our popular profiles, we offer a true bespoke made to measure service accommodating for the most discerning of customer needs.

Aqata continues to innovate and design products for the bathroom with an increasingly varied selection of products including shower valves, taps, trays and matching bathroom accessories to complete the look.

*Beautifully Bespoke
Hand Crafted in Britain*

SPECTRA

8mm Safety Glass

Bespoke sizes
available

Includes ClearShield
ECO Glass

The Aqata best selling and most popular Spectra 8mm frameless range is available in various shapes and styles with a product to suit all showering space types. Bespoke options are available for limitless designs.

All Aqata products benefit from ClearShield ECO Glass giving your enclosure a long lasting protective barrier against staining and hard water deposits.

SP459 SP460

Hinged Door & Inline Panel
Recess or Corner Option

The SP459 and SP460 enclosures are characterised by spans of pristine glass, providing a lifetime of luxury showering.

Teamed with an AQATA low level shower tray or fitted onto a wetroom floor, these designs offer something for everyone.

KEY FEATURES

- 8mm toughened glass
- Includes ClearShield ECO-GLASS™
- Covered by AQATA's Lifetime Guarantee
- Suitable for power showers
- Complete with steady bar fixing
- Enclosure height is 1950mm
- Overall height is 1980mm
- Non standard sizes available
- Suitable for tray or wetroom
- Glass etching available
- Also available in the Design Solutions range

SP462

Hinged Double Door
Recess Option

The SP462 with inward opening doors offers a simple and practical solution allowing maximum showering area where space is limited. Discreet clear door seals also provide an effective barrier against shower spray.

Dimensions				
Size mm	A	B	C	Inward Opening Double Doors

10mm Safety Glass

Bespoke sizes
available

Includes ClearShield
ECO GLASS

From cutting edge contemporary designs to timeless classics, the Aqata flag ship Design Solutions range has options to suit all styles and tastes.

10mm toughened safety glass with a variety of different glass and colour finish options the Design Solution range gives you freedom to uniquely personalise your product to compliment any showering space.

Bespoke sizes and designs are available on most of the Design Solutions products.

All Aqata products benefit from ClearShield ECO Glass giving your enclosure a long lasting protective barrier against staining and hard water deposits.

BE CREATIVE & BRING
YOUR SHOWER TO LIFE
WITH COLOUR

THE FINISHING TOUCH

WITH OUR DESIGN SOLUTIONS RANGE

Aqata are able to offer various glass options on most models in the Design Solutions range, giving you more freedom when it comes to designing the perfect showering space.

Whether you are looking for a crystal-clear screen or a tinted enclosure to complement the look of the room, the Aqata Design Solutions range allows you to get creative.

Other bespoke glass options are also available.

Aqata use BS 6206 safety glass sourced from the UK on all products. Each piece is individually inspected on arrival to ensure perfect quality and to maintain high standards of production.

DS400

Shower Screen

Featured: DS400-1200RHE with Adjustable Profile and CF-10

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option AQATA's Survey & Installation service is required. Additional charges will apply

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.

Colour finishes available at a surcharge. Choose from Polished Gold, Brushed Gold, Polished Nickel, Brushed Nickel, Matt Bronze, Matt Black & Matt White.

▼

DS405

Corner Option

Featured: DS405-12x9 RHE with Adjustable Wall Profile

DS446

Recess Option

Featured: DS446-1400 RHE with Adjustable Wall Profile in Matt Black

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges will apply

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.

Colour finishes available at a surcharge. Choose from Polished Gold, Brushed Gold, Polished Nickel, Brushed Nickel, Matt Bronze, Matt Black & Matt White.

Steady Bars

DS446 - SB1 straight steady bar supplied as standard on all sizes. Optional angled steady bar (SB2) available as an alternative.

DS447 - SB9 T steady bar (return to wall) supplied as standard.

DS447

Corner Option

Featured: DS447-14x9 RHE with Adjustable Wall Profile

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section.

Towel Rails

HO7 & HO8 optional towel rails are available for a surcharge of £175.44 RRP ex VAT.

Glass Options

10mm clear toughened glass supplied as standard.
Clear Plus glass available for a 20% surcharge.
Tinted glass options available including bronze & grey for a 20% surcharge.

Glass etching service available

Shower Trays

A full range of shower trays are available.

Optional adjustable legs and removable panels are also available.

DS470 DS475 DS476

The DS470, DS475 and DS476 enclosures are highly engineered using the finest quality materials.

Combining contemporary styling and functionality, spans of 10mm toughened glass bring a sense of space and light to the bathroom.

Coloured frame finishes are available.

KEY FEATURES

- 10mm toughened glass
- Includes ClearShield ECO-GLASS™
- Covered by AQATA's Lifetime Guarantee
- Suitable for power showers
- Suitable for tray or wetroom
- Screen/enclosure height is 2000mm
- Supplied with top rail brace bar
- Non-standard sizes available
- Glass options available
- Outward opening as standard. Inward bound also available

DS475

DS470

Hinged Door with Inline Panels Recess Option

Featured: DS470-1400x900 RHH with Adjustable Wall Profile, HO4 Handle Option

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Bracket Only

Featuring mirror polished finish brackets and/or hinges for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges will apply Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.

Colour finishes available at a surcharge. Choose from Polished Gold, Brushed Gold, Polished Nickel, Brushed Nickel, Matt Bronze, Matt Black & Matt White.

Steady Bars

DS470/DS475/DS476 - SB8 top rail brace bar supplied as standard on all sizes.

Please note: alternative steady bars are not available for this product.

DS475*/DS476

Hinged Door with Inline Panels Corner* or Three-Sided Option

*Model is shown on previous page

Featured: DS476-1400x900 Three-Sided Enclosure with Adjustable Wall Profile, HO4 Handle Option

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section.

Handle & Towel Rail Options

HO4 handle supplied as standard
Other handle options are available at a cost of £175.44 RRP ex VAT.

Please state handle option when ordering.

Glass Options

10mm clear toughened glass supplied as standard.
Clear Plus glass available for a 20% surcharge.
Tinted glass options available including bronze & grey for a 20% surcharge.

Glass etching service available

Shower Trays

A full range of shower trays are available. Optional adjustable legs and removable panels are also available.

Inward/Outward Opening Bath Screens

Featured: DS490-900 LHF with Adjustable Wall Profile: (Inward Opening Bath Screen)

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Wall and bath rim must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges will apply.

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.

Colour finishes available at a surcharge. Choose from Polished Gold, Brushed Gold, Polished Nickel, Brushed Nickel, Matt Bronze, Matt Black & Matt White.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section.

Glass Options

10mm clear toughened glass supplied as standard.
Clear Plus glass available for a 20% surcharge.
Tinted glass options available including bronze & grey for a 20% surcharge.
Glass etching service available

WALL FIXING OPTIONS

Products in the **Spectra** collection are supplied with adjustable wall profiles as standard. The **Design Solutions** range offers three wall fixing options, shown below. See imagery or details on individual product pages for details on wall fixing options available for a specific model.

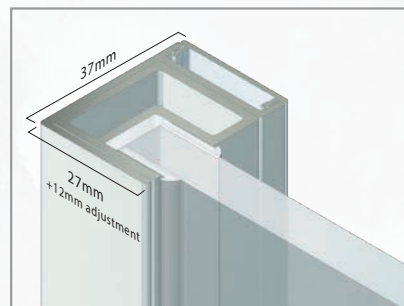

Adjustable Wall Profile (AWP) Spectra

Supplied as our standard option

Offering upto a maximum 25mm of built-in adjustment (+/- 12mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

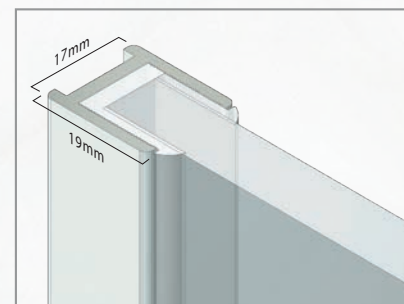

Adjustable Wall Profile (AWP) Design Solutions

Supplied as our standard option

Offering upto a maximum 12mm of built-in adjustment (+/- 6mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

Slimline Wall Channel (SWC) Design Solutions

Available on selected models only (see product pages)

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Hinge/Bracket Only (H/BO) Design Solutions

Completely frameless option

Polished chrome wall brackets and/or hinges for a sleek look. This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

Due to the nature of this wall fixing option, AQATA's Survey & Installation service is required to ensure a perfect fit.

Additional charges will apply for site survey.

Should you require no visible frame on your **Design Solutions** product, recessed wall channels can be supplied.

Please contact the Sales Office for more details.

STEADY BARS

Combining style and function, our range of steady bars (supplied as standard excluding DS402 & DS403) offer additional support for your AQATA product. Please refer to individual product pages for details on steady bar choices available

Steady bars are available in alternative coloured finishes should you choose this option for your **Design Solutions** product.

SB1 - 90 Degree Straight Steady Bar
Height from top of glass - 30mm

SB2 - 45 Degree Angled Steady Bar
Height from top of glass - 30mm

SB3 - Glass To Glass Steady Bar
Height from top of glass - 30mm

SB4 - T Steady Bar (Double Block)
Height from top of glass - 30mm

SB5 - T Steady Bar (Single Block)
Height from top of glass - 30mm

SB6 - Ceiling Fix
Supplied on screens and enclosures designed and built at an increased height (to meet ceiling).
20mm gap between top of glass and ceiling

SB7 - T Steady Bar (Inline)
Height from top of glass - 30mm

SB8 - Top Rail Brace Bar

SB9 - T Steady Bar (Return to Wall)
Height from top of glass - 30mm

CF - Ceiling Fix Column
For 8mm and 10mm Glass

Please note: The type of steady bars provided may vary depending on your enclosure dimensions. Clearance is required above the top of the steady bar when fitting.

GLASS OPTIONS

We pride ourselves on our endeavour to source the finest quality materials, to ensure that all products we manufacture are built to last.

CLEARSHIELD ECO-GLASS™

Supplied as standard on all AQATA enclosures, doors and screens, this unique product is applied to the inside of the glass and works just like 'non-stick' cookware, acting as a protective barrier on the surface of the glass.

Key Features & Benefits

- Resists staining from hard water deposits
- Eco-friendly for a more hygienic environment
- Saves time and effort and is easier to clean
- Does not support the growth of bacteria
- Keeps your shower looking like new for longer

The surface of award-winning ClearShield ECO-GLASS™ is chemically non-reactive. The ClearShield protection bonds to glass and lime scale and other dirt will build up only half as fast.

Terms & Conditions

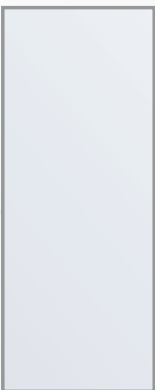

You must register your product online at www.aqataluxuryshowers.co.uk/warranty/ to activate your warranty. The correct After-Care products must be purchased and used to maintain the ClearShield ECO-GLASS™ warranty. Please refer to your warranty form once you have purchased your product for further information.

GLASS ETCHING

AQATA's in-house glass etching service offers a range of stunning etched designs.

For a contemporary look, modesty panels and all over etching can customise your enclosure and provide privacy.

TINTED GLASS OPTIONS

We are able to offer various glass options on all models in the **Design Solutions** range, giving you more freedom when it comes to designing the bathroom of your dreams.

Whether you are looking for a crystal-clear screen or a tinted enclosure to complement the look of the room, our range of glass options are listed below.

Clear
10mm thick clear glass
Included as standard in listed prices

Clear Plus*
Low iron glass, which is ultra-clear
Add a 20% surcharge to listed prices

Tinted Grey
Add a 20% surcharge to listed prices

Tinted Bronze
Add a 20% surcharge to listed prices

Reeded
POA

Black Fabric Glass
POA

White Fabric Glass
POA

Please note: The appearance of glass tints may vary depending on what it is positioned behind the glass and the availability of light. All AQATA products feature toughened safety glass manufactured in accordance with EN12150-1.

*Clear Plus effect is only accurate when glass is viewed face on - do not view through glass edge

COLOURED FINISHES

We are always looking at ways to provide our customers with the very best in bathroom design.

Creating even more choice and design flexibility, we offer alternative coloured finishes to all products in the **Design Solutions** range.

All models are available in nine finish options; Polished Gold, Brushed Gold, Polished Nickel, Brushed Nickel, Matt Bronze, Matt Black & Matt White.

Pricing

All products are supplied in chrome as standard.

Please see below for coloured finish pricing

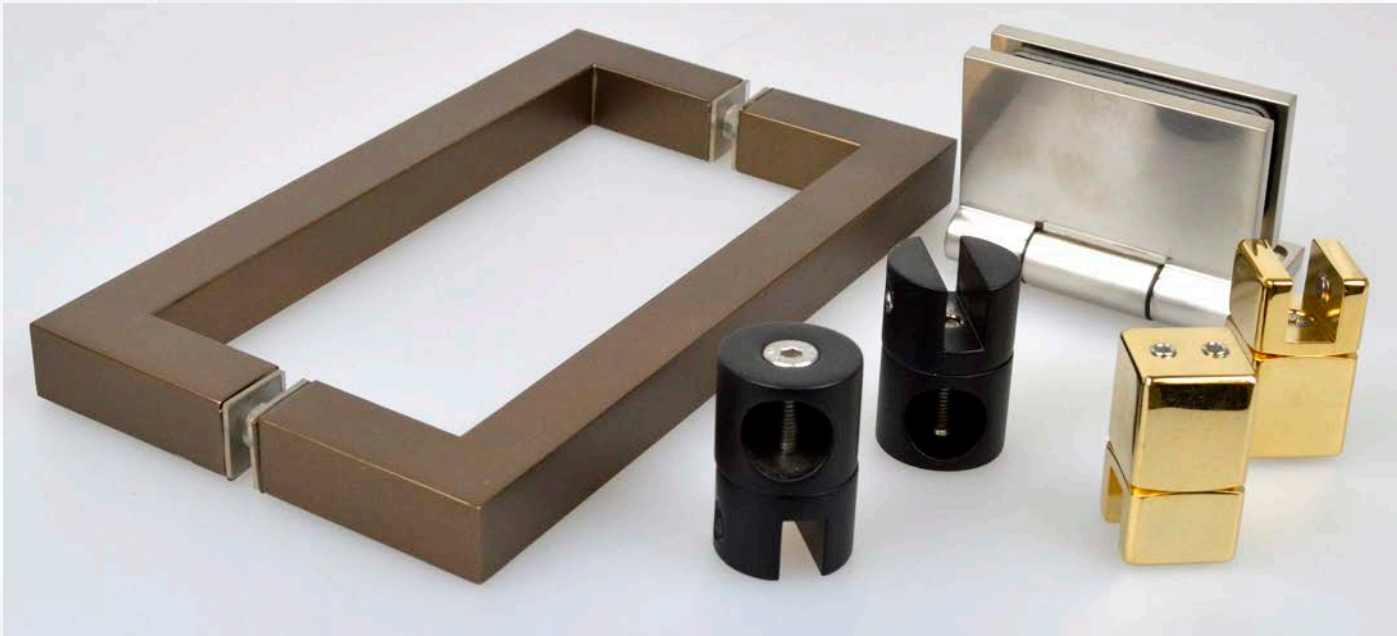

How To Order

Please state your preferred coloured finish option when placing your order.

Lead times may vary subject to availability. Please ask for details when ordering.

Please note: When properly maintained, your product will provide you with many years of luxurious showering at home. It is important to follow our recommended care program

Above surcharges are additional to the listed price of the shower screen or enclosure.			

Please note: Handle/towel rail options are supplied in polished chrome finish as standard. Please ensure coloured finish option (if required) is clearly stated at time of order.

Made to Measure FEATURES

A - Angled Panels & Doors

The perfect solution for making the best use of awkward spaces, such as sloping ceilings in loft conversions.

B - Rakes

To overcome out-of-true walls that do not require an angled cut, a rake can be made to the glass.

C - Increased/Reduced Height & Width

Increased or reduced height and increased or reduced width can dramatically change the way your product looks and feels in the space you have available.

Please note: maximum height and widths dependent upon total weight of the glass. Please check with us prior to ordering.

D - Notches

Ideal for enclosures sitting onto a bath or stud wall and to accommodate stylish seating and vanity areas.

Steam Enclosures

When designed to fully enclose the showering area, a steam sanctuary can be created.

Please advise if required for steam.

Pricing for Made to Measure Features

Surcharges For Bespoke Features		
Please note: These charges are in addition to the surcharge per piece of glass		
Feature	Price	
	Ex VAT	Inc VAT
Per Angle	£154.80	£185.76
Per Notch	£180.60	£216.72
Per Angle & Notch	£258.00	£309.60

* A hard wood template is required for angles.

Please note: The surcharges above are a guide only. AQATA will not be responsible for Made to Measure prices quoted incorrectly and that have not been confirmed by a member of the AQATA team.

Additional surcharges may apply depending on the outcome of the site survey (for example, a rake may be required to overcome out of true walls).

SURVEY,
TEMPLATE &
INSTALLATION
SERVICE

For complete peace of mind, AQATA have a team of experienced installation engineers available to carry out the initial site survey through to full installation of your unique shower enclosure.

The three options of our Made to Measure service are:

Option 1 - Made to Measure

Working from your provided measurements, we can design and produce a Made to Measure enclosure. Please refer to our Made to Measure section.

Please note: a hard wood template is required for angles. Please contact our Sales Office for advice on producing a template.

Option 2 - Survey & Template

To ensure an accurate measure is carried out on the space you have available, an AQATA engineer will measure and template a Made to Measure enclosure ready for installation.

Option 3 - Survey & Installation

Let us look after everything and have our team of experienced installation engineers provide the complete service by measuring, templating and - once the enclosure has been manufactured - carrying out the installation.

Installation is only available if AQATA have carried out the site survey. Additional charges may apply following site survey.

Important Information

Following a site survey or submission of a template, it may become apparent that a proposed design is not suitable for manufacture. Wherever possible an alternative design will be proposed, however should no alternative be available the site survey charge will still be applied.

Our quotations are based on your specification and accurate measurements (after installation of the shower tray and tiling).

SHOWER TRAYS

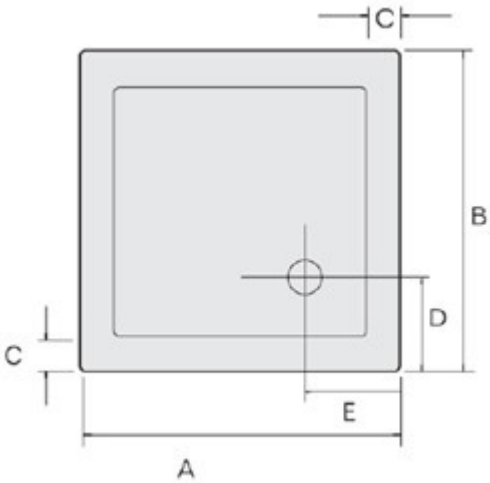

AQATA shower trays are manufactured to the highest standard with a 90mm hi-flow chrome waste as standard. Gold finish and white waste covers available £29.00 Inc VAT.

Optional 100mm high removable panel and adjustable legs are available, allowing flexibility with a choice of installing low level, flush or raised above the floor.

IMPORTANT PRODUCT

& Technical Information

Technical Specifications

All products are built and tested in accordance with the relevant CE marking certification EN14428.

Products in the **Spectra** and **Design Solutions** ranges feature toughened safety glass manufactured in accordance with EN12150-1.

Aluminium sections are extruded from BS EN 755-2:2016 Aluminium, grade 6463-T5, to EN 12020-2:2016 dimensional requirements, polished and bright anodised to ISO 7599:2010

Care & Maintenance

Your product will provide you with many years of luxurious showering at home, when properly maintained. It is important to follow our recommended care programme.

- Squeegee and remove any water on the glass, frame and fittings after each use
- Do not allow lime scale to build up on the enclosure
- Use the ClearShield After-Care cleaner once a week to polish the glass and framework
- Do not leave neat cleaning products on the surfaces
- Do not use any “spray on and leave” cleaning products
- Do not use limescale remover on the frame
- Ensure any cleaning products are non-abrasive and between pH 4 & 8
- Do not allow paint stripper, nail varnish remover, spirits, dry cleaning agents, W.C cleaners or bleach to come in direct contact with surfaces

We sell a variety of products that can be used to clean and maintain your AQATA enclosure or screen. These can be purchased online at www.aqataluxuryshowers.co.uk

Shower Trays

Clean after every use with warm soapy water or mild detergent and wipe dry with a soft cloth. Easy access waste trap should be removed and cleaned weekly, ensuring any debris is cleared.

Water Softeners

If you have a single cylinder water softener installed and are in a hard water area, there may be a reaction from the water on the glass. Softened water is generally higher in alkalinity and is therefore harmful. If you have a hot water storage tank installed, then conditions are even more aggressive than unsoftened water.

It is recommended that after removing excess water with a squeegee, a microfibre E-cloth® should be used to remove any remaining water from the glass and frame.

Measuring & Installation

We strongly recommend the use of the AQATA Survey, Template & Installation service to ensure an accurate measure and perfect fit for ultimate peace of mind. This service must be used if opting for the hinge/bracket only fixing option on your Design Solutions product.

Surveying can only take place if the area is in a finished condition, with – where applicable – shower trays in place and tiling completed.

Walls must either be solid or have suitable studwork to support the weight of the product.

Please note: If a survey is attended and cannot be completed due to incomplete conditions as listed above, the site survey charge will still be applied.

Consider the site access available and dimensions when ordering large panels of glass. Please check dimensions on the relevant page when ordering products.

The position of other items that are to be installed after your shower enclosure should be considered, so as to ensure this does not impact operation (including W.Cs, basins, radiators etc.).

Our Technical Support Team will be more than happy to discuss your project with you at any stage, to ensure the desired outcome is achieved.

Usage

Water tightness is a key consideration when choosing your shower enclosure. AQATA products are approved for use with power showers, under normal showering conditions. Forcing water under pressure at seals and joints can cause water to escape.

Please consider the position of your showerhead when designing your bathroom - ideally this should not be aimed directly at screens, panels and doors. (Positioning of showerheads on images in this brochure are for illustrative purposes only).

Dependent upon the power of the shower and the position of the showerhead, water spray may extend beyond the length of shower screens and bath screens.

Install your enclosure in a well-ventilated area as steam and condensing vapour can result in mineral deposits/build up, as well as ensuring a suitable waterproof and sealed floor finish is used outside the showering area.

Some products can be suitable for use with steam. Please contact our Technical Support Team for more information.

Bath Screens

The rim of baths must be flat and level to install an AQATA bath screen. They are not suitable for roll top baths or stepped baths.

Steady Bars

The type of steady bars supplied may vary depending on your enclosure dimensions and may differ from the images illustrated in this brochure. Our Sales Office are able to clarify which type of steady bar will be supplied once an order has been placed.

Towel Rails

These should be used as an accessory only and should not be used as grab rails.

Dimensions

All dimensions stated in this brochure are in millimetres (mm).

YOUR GUARANTEE

*plus our
terms and conditions*

Guarantee

AQATA bathroom products are manufactured to the highest standard. Our confidence in the quality and reliability of our products enables us to offer a lifetime guarantee* on all AQATA shower enclosures and a five-year guarantee on AQATA shower trays.

This guarantee covers manufacturing or product faults and does not cover wear and tear or damage caused during fitting, inadequate or misuse. Spare parts are chargeable after two years. Please refer to our full guarantee for further details.

Please ensure you register your products to validate your guarantee, as failure to do so will invalidate your guarantee. You can register online at www.aqataluxuryshowers.co.uk

Copyright

All material and illustrations included in this catalogue are the copyright of AQATA LIMITED and cannot be used without prior written permission and credit in any other publication, advertisement, correspondence, catalogue or brochure in any medium whatsoever, whether written or electronic, including the internet.

For full details please refer to the AQATA Limited E-commerce Policy which can be found at www.aqataluxuryshowers.co.uk. All rights reserved.

Delivery Charges

Shower trays despatched without an enclosure will be subject to £35.00 net carriage charge (plus VAT). Orders for miscellaneous products (excluding trays) under the value of £200 including VAT will be subject to a carriage charge. Please ask for details.

Continual Improvement

Our company policy is one of continual improvement and AQATA reserve the right to amend designs, specifications and prices without prior notice E&OE. Shower tray heights can vary due to manufacturing tolerances of $\pm 5\text{mm}$.

The descriptions chrome, polished nickel, brushed nickel, polished gold, brushed gold, polished bronze, brushed bronze, polished black, matt black or matt white when referring to AQATA shower enclosures apply to surface finishes only. All products are subject to availability.

Returns Policy

Because of the bespoke nature of AQATA products, a re-stocking charge of 25% plus carriage charge will apply on all returned items. A £25.00 net administration charge also applies. We will not re-stock any bespoke, etched glass orders, colour finish orders, boxes that have been opened or products over 3 months old. Damaged goods will not be credited.

Terms and conditions apply.
